**THE LAW FIRM OF KREINDLER & KREINDLER LLP  
CONGRATULATES PARTNER NOAH KUSHLEFSKY FOR WINNING  
ONE OF THE TOP VERDICTS OF 2009**

***Reis v. Volvo Car Corp. – New York County – \$8,753,000***

Kreindler & Kreindler LLP proudly recognizes Partner Noah Kushlefsky for his tremendous hard fought verdict in *Reis v. Volvo Car Corp.* The *Reis* case involved a design defect in a Volvo vehicle which resulted in the traumatic above-the-knee amputation of a 56 year-old man's leg. Like many of the cases the firm litigates, the *Reis* case was referred to the firm by a smaller firm that did not have the financial or staffing resources to handle a complex automobile design defect case to conclusion. Kreindler & Kreindler LLP regularly acts as co-counsel with other firms in a variety of practice areas to best represent the interests of the client and to maximize their recovery.

The verdict in *Reis* continues the firm's tradition of legal excellence and advocacy for victims' rights. For more than 50 years Kreindler & Kreindler LLP has built a reputation fighting on behalf of victims of negligence and dangerous products. It is known as one of the preeminent plaintiffs firms in New York, and is a recognized expert on the laws of New York as well as the laws which govern air travel.

Long recognized as the premier plaintiff's aviation litigation firm in New York and the country, Kreindler & Kreindler brings decades of experience and unmatched resources to a wide range of general tort, product liability and medical negligence cases in its New York practice. The firm takes a lead role in all cases in which it is involved, and expertly handles all phases of litigation from pre-trial to trial practice and through appeals.

Members of the firm author the treatise, *New York Law of Torts* (West), and the leading textbook in the aviation field, *Aviation Accident Law* (Matthew Bender).
