Noah Kushlefsky of Kreindler & Kreindler LLP has advocated on behalf of 9/11 victims and their families for more than 10 years. Many of Mr. Kushlefsky's clients have been diagnosed with cancer since working at Ground Zero, and he undertook representing them when numerous other law firms turned these responders away because their illnesses were not then included in the Zadroga Act.

He was appointed by the Federal Court as a member of the Plaintiffs Committee for liability litigation arising out of the September 11

terrorist attacks. Subsequently, Mr. Kushlefsky became one of the nation's leading experts on the September 11th Victim Compensation Fund, representing more than 400 families in the VCF.

He was credited with creating the methodology used by the VCF in rescue worker death cases and has lectured extensively on the VCF. Mr. Kushlefsky was recently appointed Special Counsel by Southern District Judge Alvin K. Hellerstein to resolve a conflict of interest in the World Trade Center Disaster Site Litigation.
